

SENATOR SYAS: Why can't Senator Kelly, and I can't understand this, why can't he when LB880 comes up, if it's germane, put LB754 in LB880 and let it go at that. Why all the changing back and forth?

PRESIDENT: Senator Kelly, do you care to respond?

SENATOR KELLY: Yes, this would require amending LB880 with LB754 if we would just switch the two and take LB880 out of there, we wouldn't have any paper work at all. Really, that's my purpose, Senator Syas.

SENATOR SYAS: All right, one other question then. What effect does that have on the underlined 49 bills and resolutions? Ruling from somebody.

SENATOR KELLY: I wouldn't be able to give a ruling but I didn't hear your question.

PRESIDENT: Restate the question.

SENATOR SYAS: You see, each senator is allowed to pick one resolution or bill and have it considered on General file. What effect does this have, and this is...neither bill up there as I can see are underlined bills. So what effect does the changing LB754 to LB880 have on the 49 or there will be 49, I assume, preference bills of each individual senator. Does it have any effect?

SENATOR KELLY: My observation would be as yours that it would have no effect and neither LB880 nor LB754 would be an underlined bill for Senator Kelly.

SENATOR SYAS: I know. But they're not underlined, that's what I'm getting at.

SENATOR KELLY: No further questions.

PRESIDENT: The Chair assumes then that, Senator Kelly, you don't propose to underline one of those. Is that correct?

SENATOR KELLY: That's correct. I will not underline either one of them.

PRESIDENT: All right now, once again, he's asking unanimous consent to do this. I take it, Senator Syas, you're not objecting then. Are there any objections? To switching LB754 with LB880 at this time? Okay, hearing none, so ordered then. The switch is effected.

CLERK: Now, Mr. President, I move to withdraw LB880. Signed, Senator Kelly. The motion has been made and has been laid over.

PRESIDENT: And it is in order. Now, Senator Kelly, back to you.

SENATOR KELLY: Yes, the Vehicle Licensing Board prefers LB754 to LB880. They asked me to enter LB880. They asked Senator Carpenter to enter LB754. As long as LB880 is not their preference, let's get rid of it and allow me to withdraw it.

PRESIDENT: Any further discussion? The question is, will you allow Senator Kelly to withdraw LB880. All those in
